

# Chinese Biological Investigators Society

## 11<sup>th</sup> Biennial Conference

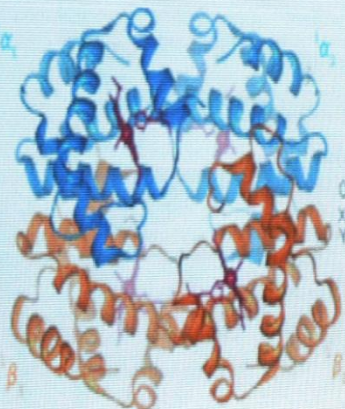

Hosted by: Municipal Government of Chengdu  
State Key Laboratory of Biotherapy, Sichuan University,  
and Collaborative Innovation Center for Biotherapy

Co-organized by CBIS and Sichuan University

Opening Ceremony and Keynote Sessions

July 29-30, 2016

Chengdu, China

AT THE VERY HEART OF PROGRESS

The ambition driving China's astonishing progress in the pursuit of high-quality science is particularly strong in some cities, whose growth for science is rapid.

**CBIS President's Opening Remarks by Dr. Weimin Zhong, Yale University**

A woman with dark hair, wearing a white blouse with a bow at the neck, is standing behind a podium. She has her hands clasped in front of her. A microphone is positioned to her right. The background is a light-colored wall with vertical lines.

Welcome Speech by Mrs. Rong Huang, Deputy Mayor of Chengdu

**Welcome Speech by Dr. Heping Xie, President of Sichuan University**

# 11th Biennial

中国·成都 2016

July 29 – August 2, 2016

**Welcome Speech by Dr. Yan Shen, Deputy Director of  
the National Natural Science Foundation of China**

Bridging Chinese Investigators' Relationships  
to Advance Life Sciences  
**Chinese Biological Investigation Society**  
11th Biennial Conference  
July 29 - August 3, 2016  
Chengdu, China  
<http://chbsociety.org>

**Keynote Session I**  
**Chaired by Dr. Guo-Min Li, University of Southern California**

**Keynote Speech by Dr. Richard Kolodner, University of California San Diego**  
**“Genetic and biochemical dissection of exonuclease 1-dependent and –independent mismatch repair”**

A woman with short dark hair and glasses, wearing a white jacket over a green patterned top and a blue lanyard, is speaking at a podium. A microphone is positioned in front of her. The background is a plain, light-colored wall with a window on the right side.

**Keynote Speech by Dr. Wei Yang, National Institutes of Health**  
**“From DNA repair to a paradigm shift in enzyme catalysis”**

Questions and Discussion

**Keynote Session II**  
**Chaired by Dr. Yuquan Wei, Sichuan University**

**Keynote Speech by Dr. Carlo Croce, Ohio State University**  
**“Causes and consequences of microRNA dysregulation in cancer”**

A middle-aged man with short black hair and glasses is speaking at a podium. He is wearing a white short-sleeved button-down shirt, a dark red patterned tie, and a blue lanyard. A black microphone is positioned in front of him. The background consists of a light-colored wall with vertical panels and a dark wood-paneled wall to the right.

**Keynote Speech by Dr. Yuquan Wei, Sichuan University**  
**“Translational medicine in Sichuan University”**

ats)

**Keynote Speech by Dr. James Chen, UT Southwestern Medical Center**  
**“The dark side of DNA – immune and autoimmune responses to cytosolic DNA”**

**Keynote Speech by Dr. Don Cleveland, University of California San Diego**  
"Gene silencing therapy for human neurodegenerative disease"

Questions and Discussion
