

**2024 International Conference on Life Sciences
Guiyang, China
The 19th SCBA/14th CBIS Biennial Symposium
2024 贵阳·华人生命科学大会
July 25–30, 2024**

Meeting Announcement

Dec 21, 2023

Dear CBIS, SCBA members and colleagues,

The boards of the Chinese Biological Investigators Society (CBIS, <https://www.cbisociety.org>) and Society of Chinese Bioscientists in America (SCBA, <https://www.scbasociety.org>) have decided that the 2024 International Conference on Life Sciences, a joint CBIS-SCBA Symposium (The 19th SCBA/14th CBIS Biennial Symposium), will be held in Guiyang, China, July 25-July 30, 2024. This will be an in-person meeting.

Meeting details and registration information will be provided soon on the CBIS website: www.cbisociety.org and SCBA website <https://www.scbasociety.org>. More information about the meeting will be announced and sent via both CBIS and SCBA group emails. Please spread the information as you like.

For meeting program: Please contact Gensheng Feng (gfeng@health.ucsd.edu) and Dong Wang (dongwang@ucsd.edu).

For meeting sponsorship: Please contact Bo Gao (bogao@cuhk.edu.hk).

For general and specific questions about the meeting: Please contact Xiaoming Zhang (mxzhang@bcm.edu), Bo Gao (bogao@cuhk.edu.hk), Yingzi Yang, CBIS president (yingzi_yang@hsdm.harvard.edu), Lishan Su, SCBA president (sulish@gmail.com).

We look forward to seeing you all in Guiyang in July 2024!

The joint program committee
2024 CBIS/SCBA joint symposium

Brief Meeting Information

Confirmed Plenary Speakers:

Xinnian Dong	Duke University	Duojia Pan	UT Southwestern
Chuan He	University of Chicago	Feng Shao	NIBS
Mien-Chie Hung	China Medical University, Taiwan	Baoliang Song	Wuhan University
Yishi Jin	UCSD	Nieng Yan	SMART
Xin Lu	Ludwig Institute, Oxford, UK	Junying Yuan	CAS

Brief Meeting Schedule:

July 25 (Thursday)	Arrival, Daytime registration, evening reception
July 26 Day 1 (Friday)	Opening remarks, AM Joint plenary sessions including keynote, AM and PM breakout parallel sessions

July 30 (Tuesday)	Full day excursion options are available (please inquiry with the registration desk for detailed information and to confirm your participation.

Tentative Breakout Session Topics/Themes:

- Neuroscience
- Cancer Biology
- RNA Biology
- Plant Biology
- Stem Cell
- Structure Biology
- Metabolism and Cancer Immunology
- Epigenetics, Chromatin, and Transcription
- Developmental Biology
- DNA Replication, Repair, Genome Instability
- Cancer Therapy
- Computational Biology
- Cutting-Edge Technology
- Autophagy
- Emerging Infectious Diseases
- Hematology
- Immunology
- Virology
- Microbiology/Microbiota
